Junior Prom Committee Announces Schedule For Nov. 20 Weekend

Sophomores Acting As Ushers Also Announced Last Night

The complete schedule for the Junior Prom weekend was announced last night by the Junior Prom Committee. The most prominent event on the schedule, and also the first is the formal dance at the Statler with Les Brown's orchestra from 10 to 2:30.

Saturday morning regular classes will be run at the Institute, and Saturday afternoon the Annual Tech-Voo Doo football game will be held at 1:30 P.M. on Briggs Field.

Following last year's custom, cocktail parties will be held on Saturday afternoon at six fraternity houses, which will be announced in the next issue of The Tech. These parties will be held from 4 to 6 P.M.

The second dance of the weekend will be held on Saturday night from 8 to 12 in Walker Memorial during which a buffet supper will be served at 10:00 P.M.

Sunday afternoon the weekend will be culminated by a tea in Litchfield and Tyler Lounges of Walker Memorial from 4 to 6 P.M.

As well as announcing the program for the weekend last night, the Prom Committee last night also announced the ushers who will act at the Friday night Dance. They are to be the following members of the class of 1945: William H. Bertollet, III, Carroll W. Boyce, Milton R. Daniels, Theodore Davis, Theodore B. Hogg, Jr., John L. Hull, David G. Kobick, Henry M. Paynter, Jr., William A. Reinhardt, Gordon D. Shingleton, and Milo V. Wilson.

The Tech To Race Board Of Voo Doo In Obstacle Race

Twice Cancelled Event Will Finally Transpire Under Revised Plans

Will Voo Doo show up this afternoon to keep from actually forfeiting the race over the obstacle course to the Managing board of The Tech? So far the race has been postponed twice because of Voo Doo disabilities, and it was decided last time that Voo Doo would have to forfeit the event if they did not show up tomorrow.

There is one fact known for sure about Voo Doo's team. That is that Oaf Metzger, General Manager of the "humor" magazine, will not be competing. Oaf, the man who postponed the race last time because of an injury (?) has once again been injured the day before the race was to be held, so it has been decided to run the race without him.

New Lineup Decided Upon

The lineup for the race has been changed from dual competitions between the General Managers of the publications and two more between other members to only two races with Harry Ottinger Editor of the Tech racing Jim Spitz, and Jack Tyrrell racing Ned Swanberg.

It is hoped by the members of The Tech staff that Voo Doo this time will not hunt for an excuse for forfeiting the race, as they wish to down the phosers in the open field rather than to take it by a technicality.

Thursday Is Deadline For VooDoo Prom List

Due to the necessity of printing time for the Junior Prom issue of Voo Doo the list of those attending the Prom must be finished by Thursday night. It is therefore important that those who wish to be included in this list should leave their names at the desk in the Main Lobby of Building 10 as soon as possible. It is also possible for those wishing to do so to redeem their options at the desk when they leave their names.

M.I.T. Faculty Club Will Dine November 18

Active Fall Program Is Planned According To Club Secretary

The M.I.T. Faculty Club will open its fall social season next Wednesday with a dinner at the Hotel Continental in Cambridge. The dinner will start at 6:30 P.M. and entertainment will be furnished by the M.I.T. Tinerants drama group, under the direction of Hassler Einzig. Dinner will be \$1.75 per plate and music will be supplied for dancing by Ken Reeves orchestra.

According to a bulletin issued by Mr. Robley D. Evans, secretary of the club, a complete program is planned for all members for the coming year. Luncheon meetings will be continued as in previous years with interesting talks on timely subjects by prominent men about once every month. An opportunity will be provided shortly for subscription to the very popular

Red Cross Blood Donor Drive Off To A Good Start At Tech

Mrs. Catherine Conroy, of the Red Cross Blood Donor's department who is in charge of the Technology Blood Donor's Drive, stated that so far the drive has been "very, very successful". Mrs. Conroy has been working in collaboration with a committee selected by the Institute Committee aided by Alpha Phi Omega, the honorary scouting fraternity.

The Red Cross Blood Center, at 691 Boylston Street at Copley Square, has been reserved from 9:00 A.M. til 3:00 P.M., November 10 through November 14, especially for this drive and is equipped to handle 12 donors every 15 minutes. Today between 1:30 and 3:45 students living in the dormitories who have signed-up will give their blood at the Blood Center. Tomorrow members of the fraternities are to donate from 9:00 A.M. to 3:00 P.M. On Thursday members of the various student activities should donate, and all others will be accommodated on Friday and Saturday of this week.

Broadway Hit Comedy Ready

Dramashop Finishes Up Fall Production

Since this is the last week of rehearsals, Dramashop is putting the finishing touches on its latest production, "You Can't Take It With You," which will be presented at 8:30 P.M. on Friday and Saturday, November 13 and 14, at the Peabody Playhouse, 357 Charles Street, Boston. Tickets will be on sale all this week in the Main Lobby, at the T.C.A., and at the Information Office. All seats are 75 cents.

This play, which drew large crowds on Broadway, was chosen because it affords much entertainment for both the cast and the audience. Thus far it has lived up to expectations, as the interest shown by the cast at rehearsals has been very great.

The story centers around a happy go lucky family in which each member does just exactly what he wants to do. Grandpa Martin Vanderhof, who presides over this happy group, collects snakes and goes to college commencements. His daughter, Penelope Sycamore, writes plays because 8 years ago, a typewriter was delivered to her by mistake. Her husband, Paul, makes fireworks with Mr. De Pinna, who came to deliver the ice some 10 years back and never left, and builds models with his erector set. Their daughter, Essie, practices toe dancing and makes candy which her husband, Ed delivers when he is not playing the xylophone or working with his printing press. Essie's sister Alice,

Official Notices

Professor John D. Mitsch, announces that the Enlisted Reserve Advisory office in Room 1-288 will be open all day Wednesday, November 11, despite the holiday.

Copies of the diagram of the various enlisted reserve programs which appeared in The Tech last week, are now obtainable at this office.

Ward J. Haas, '43 Will Be New General Manager M.I.T. Debating Society

DEBATE HEAD

Ward J. Haas, '43, who was elected General Manager of the Debating Society will replace George M. Musgrave, '43.

T.C.A. Fails To Attain Quota

Dorms Exceed Last Year's Contribution

The T.C.A. brought their annual drive to a close last Saturday night, November 7, with a total of \$3,778.80 raised since November 2. Dean C. Picton, the chairman of the drive, announced the following figures concerning the drive. Fraternities pledged \$1,658.12 as contrasted to the \$1,853.79 of last year. The dormitories gave \$991.93, which is slightly more than last year's sum of \$983.63. The Graduate House total was considerably less than its former amount of \$437.50, this year's being \$152.50.

Of the total amount of \$3,788.80 pledged, the T.C.A. gets \$3,069.00 as contrasted to the \$3,830.49 they received last year, the World Student Service Fund obtained \$306.51, which was about \$80 over last year's amount. Finally, the Red Cross got \$412.83, a \$93.00 gain over last year.

Heads of the various parts of the drive were: William C. Krutzsch, Jr., '45, publicity manager; Sid F. Atlas, '43, dormitory drive; Charles C. Holt, '43, fraternity drive; J. George Schudel, Jr., '43, statistics; Mathew M. Shapiro, '45, desks in lobbies; G. Kendall Parmalee '45, speakers in the classrooms; and Frederick J. Blatz, Jr., '44, free lancers.

Exec. Comm. Elected By Bridge Club At Last Meet

Before their weekly tournament last Saturday the bridge club elected an executive committee of five men to serve till next fall. Elected were Robert Ilfield, '45, Chairman, and Alexander Oszy, '43, Lee C. Eagleton '44, Frank Wilson, '43 and John Frye, '46. These men will run the bridge club tournaments every Saturday and Sunday afternoons and take care of the executive details.

The bridge tournament last Saturday was won by Leonard Croan and George Heyman, '43. Second were Robert Mazur, '45, and Jack Sonnenblick, '45. Sunday's tournament was won by Alexander Oszy, '43, and Robert Rouffa, '43, with O. H. Oliveira and Thomas Harriman, graduate students, taking second.

Dershowitz, Pope Other Members of Managing Board

Ward J. Haas, '43, has been elected General Manager of the M.I.T. Debating Society and as such became head of the new Managing Board, which officially took office on November 4. The other members of the board are: Arthur F. Dershowitz, '44, Operations Manager; and Leavitt J. Pope, '45, Debate Manager.

At the same time the new Managing Board made the following appointments:

Debate Management Division: Associate Manager, Charles M. Wiswell, '45; Assistant Managers, Lee Hanower, '45, Max E. Ruehrmund, '46, and James M. Smith, '46. Associate Manager (in charge of judges, tryouts, practice debates, freshman tournament, radio, and exhibitions) John J. Rueckert, '45; Assistant Managers, Bruce A. Lamberton, '45, and Franklin R. Amthor, '45.

Operations Management Division: Publicity Director, Norman L. Brown, '45; Editor of Debating Society News, Harold A. Steiner, '45; Assistant Publicity Director, Jack L. Uretsky, '45. Secretary-Treasurer, Edgar P. Eaton, '44; Assistant Secretary, Frank J. Iskra, '45; Assistant Treasurer, Martin B. Judge, '45; Personnel Director, Robert P. Auty, '45.

The Personnel Department is a new department and will handle all personnel work, such as office assignments and recruiting; it will also handle special activities of the organization, such as discussion groups and banquets. If necessary, it may be enlarged.

Several vacancies exist in the Sophomore Board, and these will be filled by members of the class of

The Tech To Hold Bowling Party

Refreshments Served For Staff, Candidates

The first of The Tech's social events this week will be held this Friday night in the form of a bowling party, which will run from 9 to 12. This party is open to all members of The Tech staff, and to candidates for the staff, along with their dates. Refreshments will be on hand for the whole party.

This party is the first of a series of training programs to get the staff in shape for the Annual football game with Voo Doo on Junior Prom weekend, as well as the first event in a social program to parallel last year's which included a bowling party, the annual banquet, which this year is to be held in December, and the strawberry festival in the spring.

Circle Francais de M.I.T. Will Hold Dance Friday 13

The Cercle Francais de M.I.T. is sponsoring an informal dance to be held at 8:00 P.M., Friday night November 13 in the 5:15 Club.

Girls have been invited from nearby Radcliffe for the occasion and it is expected that the dance will be a gala affair. Admission price is 66c for non-members and 33c for members. The girls are admitted free of charge.

A POTENTIAL GOLD MINE

The T.C.A. has just completed its annual campaign for funds and has found itself \$710 short of its \$3740 goal. The organization consequently faces the serious problem of curtailing its originally contemplated program of activities or that of raising the \$710 through other channels than the Technology student body. An abbreviated budget means reduced activity and less usefulness, and a continuation of the drive is out of the question. The T.C.A. must turn to some new methods of raising money if it is to carry out all that its original closely-planned budget would have made possible.

The situation also suggests that Technology undergraduates are incapable of or indisposed to contributing to the T.C.A.'s campaign the quantity of money which the T.C.A. expects. In view of the possibility of other unsuccessful campaigns occurring in future years, the T.C.A. might do well to revise its policies so that it can obtain its operating funds by methods other than solicitation and thereby relieve the students of its annual demands.

To this end, the T.C.A. could conduct some of its activities on a paying basis. We see no reason why the T.C.A. could not get into the very prosperous acquaintance dance business which, with careful budgeting, should net \$500 or more per dance. It is time that the Catholic and International Clubs surrender these financial plums which yield incomes far exceeding the demands of these organizations' modest budgets.

Main objection on the part of the T.C.A., we understand, is the fact that it is purely an altruistic organization which prides itself on being able to exist on popular donations. We do not believe, however, that the T.C.A. would create any ill will by sponsoring a profit-making activity such as this, and we do believe that it would be performing one of the duties that naturally fall to the T.C.A. by affording a means to newcomers to Technology of becoming acquainted socially with Boston and its inhabitants.

WE LIKE THE FIGHTING FRENCH BETTER

The news from the North African theater was perhaps the most invigorating and exciting that has reached us for a long time. Paratroopers, airborne infantry, and an army equipped with the most modern weapons of war swept down upon the Algerian and Moroccan coasts, seizing airfields and establishing beachheads. This was war as we had all been expecting it to be and we were all elated over the news.

Supported by such might and with the Atlantic Charter aims as a goal, we seem to be maintaining unnecessarily a hypocritical attitude toward Franco Spain via our State Department. We are in a position to demand now, not to concede. Guaranteeing Franco that we are not threatening him is nothing more than absurd appeasement, and guarantees nothing but another spy network to abuse our patience.

On the other hand, what about the gallant Fighting French, with perhaps General Henri Giraud leading them in their uprising? According to our State Department no such entity exists, nor is there any evidence that the State Department will seize the opportunity afforded by Vichy's break with us to recognize real allies.

Failure to recognize the Fighting French may lead to more embarrassment for our State Department. What for example, would we do if Darlan or Laval were to capitulate? Could it be that our State Department would negotiate with these men as representatives of a France we profess to be saving?

Tech Embodied In Minute Man, Symbol Of Defense Bond Drive

There is one picture in this country which is probably seen by more people every day than any other one thing. It is doing a very patriotic service flying on flags throughout the nation with the purpose of spurring the sales of war bonds. Is it of a movie star who is touring the country making spectacular sales? No, neither is it of the Secretary of the Treasury, Henry Morgenthau, Jr., whose department handles the war bonds.

It is not Dorothy Lamour, nor Mickey Rooney, but rather the Minute man statue at Concord, which has been the symbol for war bonds ever since their sale was first pushed, and they were called defense bonds to appease the isolationists. The famous victory flag which is now flying from the masthead of many war production plants throughout the country where the employees have pledged to buy war bonds every week from their pay checks, has the outline of this famous statue in white on a blue field. The posters which are displayed in all prominent places everywhere portrays this man in green. In fact this famous statue is even to be

found on the back page of this paper in the hope that Technology students will give more for the country's war effort.

It may have been wondered by some who this man was. It is common knowledge that this statue was made long after the last minute man was dead, and yet who was the man who posed for this statue which was to become the symbol not only of America's pioneer spirit, but also of final victory in the present war.

This problem was finally solved last summer by the Technology Review. In the July issue of that magazine in the notes of the Class of 1877. It turns out that the great salesman of war bonds in this country is a Technology man, or at least his legs and torso are of a Tech man. Namely, he was Charles J. Colgan, '77, who became friendly with the sculptor, who was also a Tech man, Daniel French, '71, and finally posed for the statue, or at least for the bottom parts of it. The face is one of the sculptor's original ideas, but the body is that of a Tech man.

The Reader Speaks

To the Editor:

I would like to write this letter, not as an officer of the T.C.A., but as an M.I.T. Senior with something on his mind.

The T.C.A. Drive shows at the present time a deficit of \$750. This means that the T.C.A. will have \$750 fewer services to offer the students. To my mind this is definitely a unfortunate situation. I do not think of the T.C.A. as a business organization, or as an inefficient ogre in the basement of Walker which gobbles up money and offers nothing in return. I think of it as a Christian organization, dedicated to the Christian task of serving the students of M.I.T. It is the one organization at Technology to which the students can come at any time and receive help and assistance. It does not charge the students anything for any of these services. It gives over one-quarter of its budget to purely altruistic projects. I do not want to see these activities curtailed. I believe that in these times, the one activity dedicated to service, deserves the full cooperation of the M.I.T. students.

The only compensation the T.C.A. asks is help in its annual drive. This is entirely voluntary, the man giving merely what he thinks the T.C.A. is worth to him. This is certainly a more democratic spirit than charging for each individual service. There is no real pressure put on the man to give at this time—even the individual fraternity and dormitory totals were eliminated this year because we thought that they constituted an un-Christian method of running a drive. We do not want to resort to these methods in the future.

In spite of the idealistic purpose of the T.C.A. there were groups of individuals here at Tech who deliberately sabotaged our Drive efforts. They made certain claims and accusations which had absolutely no basis in fact. Yet at the same time they were using the T.C.A. services and benefiting by the money and work contributed by others. I do not believe that this is a Christian attitude. I don't believe that those fellows realize the harm they can do to a really swell activity by their thoughtless acts. I hope that that same spirit is never again evidenced at Technology. I am not usually noted as being a particularly serious sort of fellow, but these are things which I feel pretty strongly.

On the other hand, I want to

Camp Announced For This Weekend

To Be Held At Packard Estate In Stoughton

The T.C.A. is announcing another work Camp to be held this weekend November 14 and 15 at the Packard Estate in Stoughton, Massachusetts.

The group, made up of Greater Boston students, plan to meet in Mattapan and take the bus from there. Transportation from Boston to Stoughton costs 20c each way and the busses may be taken every half hour. The total cost of food will come to an approximate total of \$1.00 per person.

The first group will leave from Mattapan at 9:00 A.M. and the second at 2:30 P.M. on Saturday. The work will include wood chopping, cleaning of brush, storing equipment for the winter, and painting and repairing other equipment.

All food, bedding, and tools will be supplied but those persons going on the trip are warned to wear warm clothing and to take along any personal articles necessary. Those interested should leave their name in the T.C.A. office.

Broadway Hit Comedy Ready

Dramashop Finishes Up Fall Production

(Continued from Page 1)

who is the only normal member of the family, becomes engaged to her Boss' son, and what ensues when he brings his parents to visit the Sycamore family on the wrong night provides most of the laughs. But it all turns out well in the end.

The production is under the management of the following Dramashop members:

Director, Professor D. M. Fuller; Assistant Director, L. Gerald Firth, '43; Production Manager, Robert L. Mitchell, '43; Business Manager, Gunther H. Baldauf, '44; Stage Manager, Alan M. Milman, '43; Construction Manager, Gilbert Krullee, '45; Properties, Guy B. Stearns, '43. The executive Committee is composed of Jorge Ross, '43, R. L. Mitchell, '43, and G. Baldauf, '43.

offer my own personal gratitude and that of the T.C.A. for the assistance of those many Tech men who so generously gave of their time and money to try to help put the Drive over the top. Thanks a lot, fellows.

Yours very sincerely,
 SID ATLAS, '43.

Orson Welles Presents Aviation In Radio Series

America's greatest current story—the fast-moving saga of Aviation—will be the subject of Orson Welles' new Monday night radio dramatizations to be launched November 9, 7:15-7:30 p.m. under sponsorship of Lockheed and Vega Aircraft Corporation.

Welles will write, direct, and narrate the weekly dramatizations drawing his material from information documented by the Army, Navy and War departments. Harold Isaacs, who has been writing the CBS program, "Report to the Nation," will do research in Washington for the series, and the special services of the United Press will supply news bulletins and background on the air forces' fighting front.

Before launching the series, the young producer conferred in Washington with Colonel Arthur I. E. Nis, Chief of the Air Forces Division of the War Department Bureau of Public Relations, and with Major General Alexander D. Surles, Director of the War Department Bureau of Public Relations.

Encompassing the entire field of Aviation, the series will deal with the planes of America and the men who make and fly them. The factual material, touched with the Welles' flair for originality, promise to provide one of radio's brightest 15-minute dialings.

Debating Society

(Continued from Page 1)

'46 who demonstrate by their interest and willingness to work that they are qualified to hold these positions.

The new Junior Board of the Society consists of: Norman L. Brown, '45; Charles M. Wiswell, '45; Edgar P. Eaton, '44; Robert P. Auty, '45; and John J. Rueckert, '45.

Under normal conditions the new staff members of the M.I.T. Debating Society would have been announced at their annual banquet in February. However, since the date of Technology's graduation exercises has been moved ahead, the society's elections were held in advance of the usual date. No election banquet will be held at this time, but plans are being made for a Christmas banquet sometime in December.

Coincident with the announcement of the elections, the former Managing Board, George M. Musgrave, '43; Ward J. Haas, '43, and Richard J. Zeamer, '43, announced the latest list of varsity team members. These men are: George M. Musgrave, '43; John L. Hummer, '43; Raymond M. Redheffer, '43; John W. Colton, '45; George M. Keller, Jr., '45; James G. Ulmer, '45; Robert J. Horn, '45, and Russell A. Foust, '45.

All of the varsity team members have been chosen by the Debating Society's coach, Glenn H. Leggett, on the basis of their debating ability, and all have achieved marked success in the debating activities of the society.

The Debating Society will hold debates simultaneously at Williams College and at Technology on November 13, on the subject, "Resolved that the United Nations should establish a permanent union with power to tax and regulate international commerce, to maintain a police force, to settle international disputes and to enforce such settlements, and to provide for the admission of other nations which accept the principles of the union." In the debate here, Technology will have the negative side, while at Williams, John Mitchell, '46, and John W. Shearer, '46, who will represent Technology will argue the affirmative case.

During its annual fall trip, which will be held this year from November 11 to November 15, the society will hold debates with the University of Maine and Bates College. The men representing Technology will be John L. Hummer, '43, and George M. Musgrave, '43.

Tech Cross Countrymen Place Eighth In Meet Of Twelve N.E. Schools

Rhode Island Wins, Springfield Second At Franklin Park

A strong Rhode Island team successfully defended its title in the thirtieth Annual Varsity Cross Country Run yesterday afternoon over the hilly Franklin Park course. Justifying their role as favorites, the Rhode Islanders completely outclassed the eleven other New England college entries by placing 1, 2, 3, 7, 9 for a winning twenty-two point low score. Springfield, the runner-up, scored 119 points, closely followed by Northeastern with 133 points.

Tabulated Results

The official result:

	Points
1. Rhode Island State	22
2. Springfield	119
3. Northeastern U.	133
4. Maine	141
5. New Hampshire	147
6. Vermont	167
7. Colby	171
8. M.I.T.	173
9. Tufts	191
10. Holy Cross	243
11. Conn. State	269
12. Mass State	292

Winner over the standard 4 1/4 mile course was Rhode Island's Bob Nichols, '43, in the fast time of 21 min. 15 sec. In last year's run, Nichols broke the meet record and led his team to a similar decisive victory.

Point winners for Tech, in the order in which they finished, were:

1. Knapp, '44, 21st
2. Miller, '43, 23rd
3. Joseph, '44, 35th
4. Jevon, '44, 38th
5. Rockholz, '45, 56th

Completing the list of Beaver runners were Cummings, '44, in 59th place and Ziegler, '44, 68th in an 84 man field.

Oscar Comments

In commenting on the race results, coach Oscar Hedlund stressed the perennial strength of the Rhode Island teams and noted the relatively poor showing of the Colby harriers, whom he figured would place second. Oscar seemed satisfied with Tech's exhibition, and especially with sophomore Knapp's good time of 22 min. 15 sec. About the race itself, Oscar said, "It was an exceptionally good race and there couldn't have been a nicer day for it."

Annual Inter-Class Meet This Saturday

Fifteen Track Events To Be Run At Briggs

This Saturday, November 14, at 2:00 P.M., the annual Fall Inter-Class Track Meet will be held on the Briggs Field Courses. All fifteen outdoor events are to be run.

The meet is open to all undergraduate students who wish to participate, and those that have intentions of entering into competition should sign up at the track office before 6:00 P.M., Friday, November 13.

Oscar Hedlund, coach of the track team stated in The Tech office last night, "Every man entering into competition this Saturday should get out every afternoon for practice to insure his class of get-

Pucksters To Practice At 6:00 A.M. Tomorrow

Hockey practice, held yesterday at 7:00 A.M. at the Boston Skating Club, will be held at 6:00 A.M. this Wednesday and Friday at the same place. Manager Fran Carey said that beginning Monday, November 16, the pucksters are to meet for practice at the Boston Arena, also at 6:00 A.M.

Forty-five men have already turned out for the hockey squad, Carey said, but it is not yet too late to come out for the sport. Any interested students may come out during regular practice sessions.

Swimming Team Put In Shape By Coach Smith

Individual Swimmers For Coming Races Not Chosen By Coach Yet

Without making any predictions about the coming season, Coach Gordon Smith wrote down the long list of men out for this year's swimming team. No knowledge of how the other college teams look this year makes it impossible for Coach Smith to tell how we line up against our opponents.

When asked if any individual stands out as sure of a berth on the team, the coach just smiled and continued to write down the names of those who swam last year and the newcomers from the freshmen team. Those who swam in varsity positions last year are: Hank Tiedeman (Capt.), Bob Reebie, Jack Karsstrom, Larry Lamadrid, Hal Gersh-enow, Dick Foley, Ed Foley, Ed Cochran, Jack McDonough, Jack Hunn, Steve King, Wes Floyd, Stuart Broderick, Stan Smock, Arnold Smith, Conrad Skladal, and Ed Cochran. From last year's freshman team are: Jim Leonard, Russ Foust, D. W. Smith, Bob Hfield, Paul Cruickshank, John Conlon, Gordon Findlay, John Granlund, Bob Knodel, Fred Shierbaum, Doc Bressler, and Bruce Fabens.

Predicts Record Breaking

When he had finished the list, Coach Smith circled the names Jim Leonard, Russ Foust, and Gordon Findlay, whom he predicted would break the varsity records in the 50 and 100 yard freestyle (Leonard), 220 yard freestyle (Russ Foust), the 150 yard backstroke (Gordon Findlay), and the medley relay (Findlay, Knodel, and Leonard).

Every freshman record for the Institute was broken during the 1941-1942 season, by Leonard, Foust, Findlay, Knodel, and Cruickshank, either in combination or singly.

Theta Chi, Sigma Chi, S.A.E. In Football Finals

In the final games of the Beaver Key football tournament last Saturday and Sunday, November 7 and 8, Sigma Nu defeated Phi Gamma Delta 14 to 13, and was eliminated by Theta Chi, 20 to 0.

Theta Chi thus progressed to the round-robin, the first game of which was played Sunday between Sigma Alpha Epsilon and Sigma Chi. S.A.E. won this game by a score of 14 to 6.

ting the greatest number of points."

All winning men in each event are to receive the aTa, and the second and third place winners will receive their numerals.

Oscar has not yet prophesized the winner of this Saturday's meet, but after he finishes compiling all data, the prophesy will be published in the next issue of The Tech.

Good Prospects For Hoopsters

Team Begins Practice; 8 Varsity Men Return

With eight members of last year's varsity basketball squad turning out for this season's first practice, held a week ago last Monday, Coach H. P. McCarthy is expecting to turn out a very successful group of Beaver hoopsters.

To give support to last year's men three or four Sophomores are out practicing and trying out for varsity positions. Basketball captain George Marakas said last night that these Sophomores look pretty good out on the courts. The backbone of the squad will be George Marakas, Tom Dolan, Caleb Taft, Al Brody, Andy Hillhouse, Jim Woodburn, Tony delValle, and Dick Whiffen.

Big Schedule for 1942-1943

Something new in the way of a schedule is being inaugurated; a "home and home" policy with B.U., Tufts, and Northeastern being tried this season. Marakas also said that the 1942-1943 schedule is the biggest ever to confront a Tech basketball team. Another change is a pre-Harvard game to toughen the hoopsters for the Crimson battle. As yet it is not known with whom this first game will be, but the annual Tech-Harvard basketball is to be held in the Walker Memorial gym on the evening of the All-Tech Sing, December 4.

The schedule has been arranged so that most of the games will be played before next February when the Seniors will graduate.

Varsity Soccermen Play Best Game Against Springfield

Coach Craig Proud Of Team's Showing Against Champions

The Tech varsity soccer team played its best game of the year against Springfield, here last Saturday, according to Coach John Craig, who said that he was very pleased with the team. Springfield, which was last year's champion, defeated the Beavers by a 3 to 1 score.

The starting line-up had a few changes over last week's. Goalie, Edwin Rosenthal, was hurt and replaced by Jim Libby, who finished out the game. Fullbacks were Miles Coverdale and Malcolm McFaul; as halfbacks were Bill Richardson, Warren Carpenter, and Ed Chapin; on the line was Tom Momose, Ralph LaVallee, Bill Inde, Alfred Heckel, and Hugh Slawson.

The game was very well played and there was an unusual lack of penalties. Springfield scored in the first quarter, then Tech evened the score in the second. Springfield picked up two more goals in the last two quarters, and the game ended with the score 3 to 1. Although it is quite late in the season, the team seems to be "hitting its stride" at last. The game tomorrow with Tufts, promises to be a good one with the coordination and spirit the team has found, Craig said.

C. C. Team Elects F. Cassidy Captain

At a recent meeting of the freshman cross-country squad, Frank P. Cassidy, '46, was elected captain of the team.

Cassidy, graduate of the Whitinsville High School in Whitinsville, Mass., ran the half mile and mile in his senior year and was a winner in both events. This is his first year at cross-country, and already he is showing star form by coming in first against Tufts and first against Harvard in a later race. In a special freshman race held on the Briggs course, Cassidy again came in first.

Beaver Feats

BY GARD SLOAN

Now Is The Time To Enter Winter Sports

With Field Day over a week and a half ago, the winter sports have begun or will begin very shortly. These sports, which are offered by the Institute during the winter, are diversified enough so that every one can find something which he likes to do.

Basketball, hockey, swimming, fencing, gym, wrestling, boxing, squash, rifle, and pistol teams have their big seasons during the winter. Besides these, crew and track continue during the winter with indoor practice.

"Those Who Do Something Extra"

Professor George Owen of the Naval Architecture department said at the annual hockey banquet two years ago, "Those who do something extra are the ones who succeed later in life." Professor Owen pointed out that this is applicable to the Tech student who engaged in athletics.

Those who indulge in no activity besides what is required by their course may get through the Institute in four years, but they will not be as good men as those who go through with about the same scholastic standings and have extra-curricular sports to their credit.

The Time Is Now

Now is the time to get into the swing of some varsity or freshman sport if you have not already done so. Already the teams are practicing and he who wants to see action this winter should report immediately to the coach.

All other things being equal the man who engages in athletics is better than the one who does not. Besides, it is the friends you make and the incidents on trips and during games that you remember later, rather than the time you stayed up all night to write a report.

Frosh Skippers Win; Take Race From Favorites

Tie For Top Honors As They Amass 90 Of Possible 96 Points

Two Tech freshman skippers sailed through the fog and rain on the Charles River last Sunday to win the Fall Freshman Regatta. Charles Street, once interscholastic dinghy champion from Vermont Academy, and Martin Hellar, both from M.I.T., tied for honors with one first and three seconds apiece. Their combined scores gave us 90 points out of a possible 96.

Their consistent top places show that the boys must have done some clever sailing, because the breeze on Sunday was very light. The heavily favored Harvard team just barely placed fourth. Boston University ran a close second to the Tech aces, with Coast Guard placing a good third.

Street and Hellar Surprise Crimson

Charles Street, who was brought up on the waters of Narragansett Bay, has not sailed much at Tech this year, but a few expected that he would be placed in this race to pull a surprise punch on the favored Harvard crews. Both he and Hellar proved too much of a surprise for the Crimson boys.

Individual cups were awarded to the successful skippers for their excellent performances. In spite of the weather eleven colleges appeared. This, the inaugural regatta of a series that will probably be continued because of its success, was a glorious victory for Tech.

List of Scores

The scores of the meet follow: M.I.T., first with 90 points; Boston University, second with 80 points; Coast Guard Academy, third, 69 points; Harvard, fourth with 66 points; Holy Cross, fifth, 61; Dartmouth, sixth, 51; Brown, seventh, 50; New Hampshire eighth, 48; Williams, ninth, 36; Northeastern University, tenth, 33; and Worcester Tech, eleventh with 27 points.

"The Coke's in"

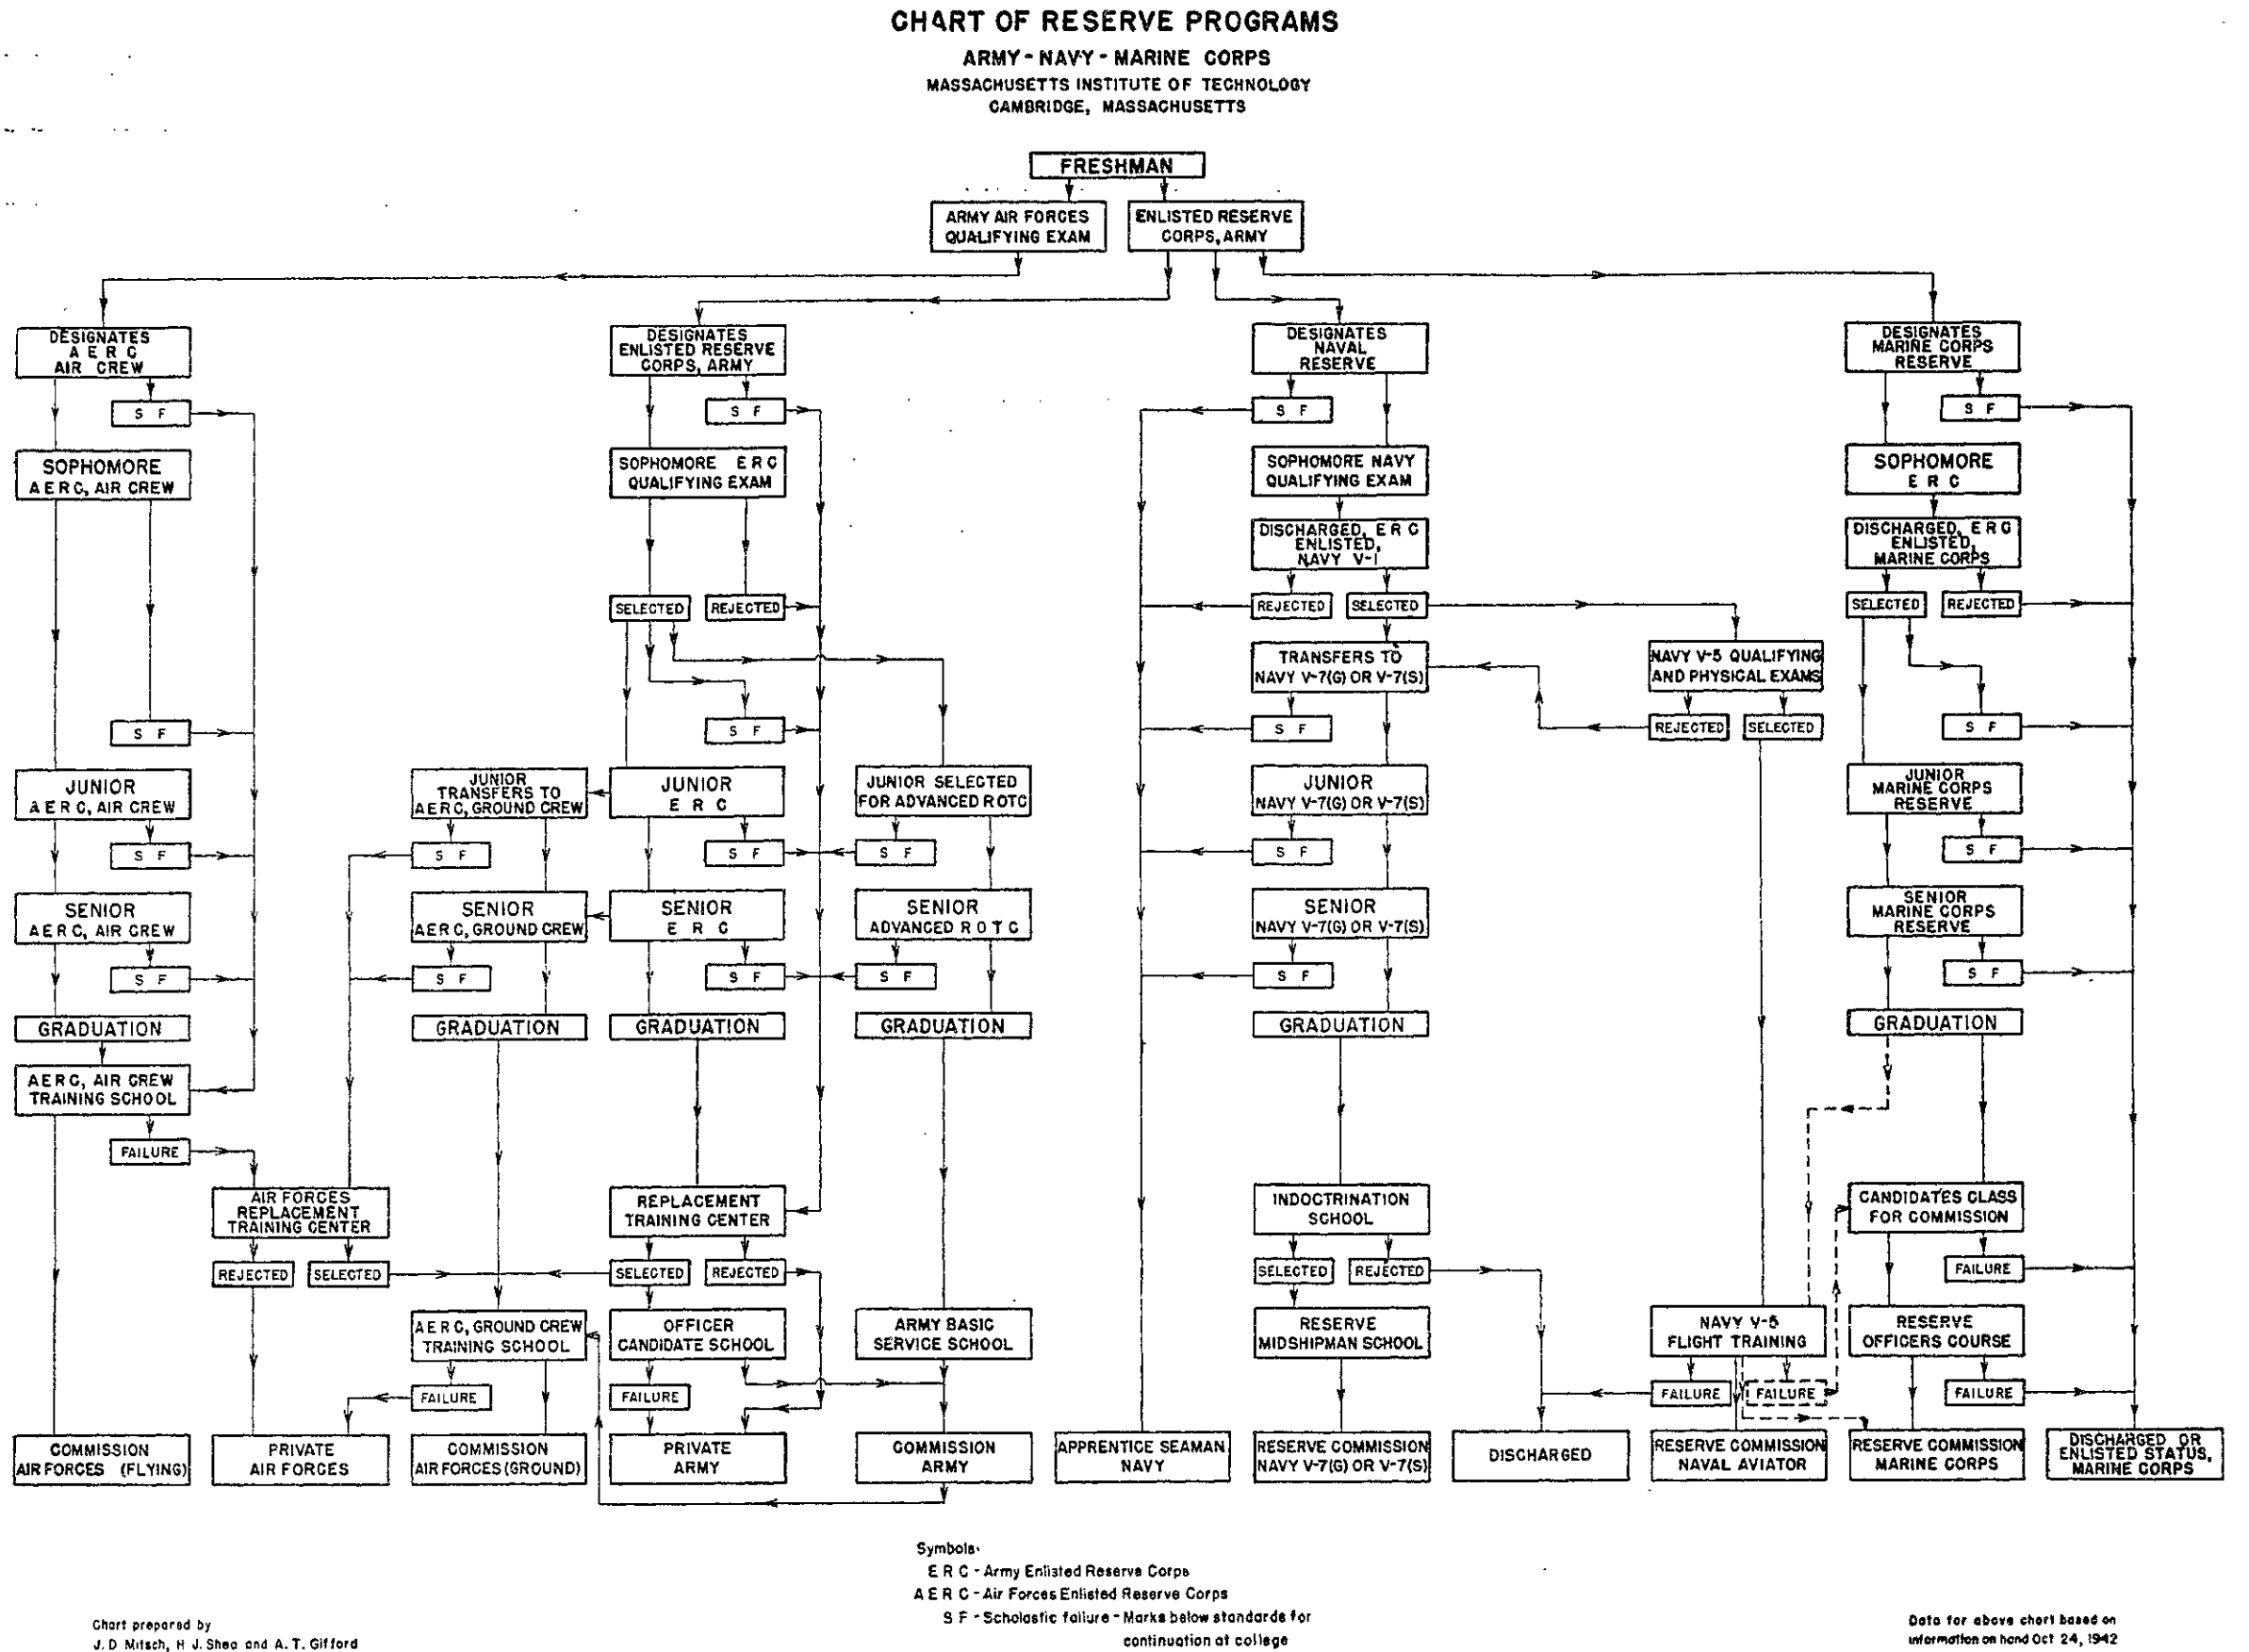

"That's the happy greeting heard today when a new supply of Coke arrives at a cooler. Folks wait for it... wait because the only thing like Coca-Cola is Coca-Cola itself. Customers smile and start moving up to pause and be refreshed.

"There's a cheerful spirit about this way of accepting wartime restrictions. Morale is high."

Meal tickets for Tech students.

Open 24 Hours a Day

Faculty Club

(Continued from Page 1)

Saturday evening dances which will be under the direction of Mrs. Robert S. Harris. Other activities planned include a bowling tournament under the direction of Mr. J. B. Rae, sailing on the Charles River Basin with the expert assistance of Dr. Stockbarger and the use of the fine fleet of dinghies available, and squash for those interested in strenuous exercise with a series matches promised by Mr. F. L. Woodruff. In addition the gymnasium with a program under Mr. H. P. McCarthy is available as well as the prospect of skiing and a snow train if Old Man Winter co-operates. Another outstanding photographic exhibit is also in the offing under the F. W. Sears committee.

Membership in the club is open to members of the Corporation, Institute Staff and Alumni Council. Dues in general are \$2.00, but are \$1.00 for staff members below faculty rank.

Coach Announces Wrestling Meet

Wrestling coach, John Lutz, announced a nonletterman tournament scheduled for November 17, 18, and 19. All those who are interested may register in the basement of Walker Memorial. Coach Lutz urges all those who have signed-up to see him as soon as possible so that they may be getting into shape for the tournament.

Approximately 50 have already signed-up. The winners will naturally have a good chance to make the varsity team and win their letters this year.

Glee Club Concert For This Saturday Cancelled

The Combined Musical Clubs of M.I.T. wishes to announce that the dual concert of the Technology and Wheelock Glee Clubs originally scheduled for this Saturday at 8:30 P.M. has been cancelled by Wheelock because of unpreparedness.

This means that there is a possibility of an M.I.T.-Wheelock concert sometime later on in the season.

INSTITUTE COMMITTEE AGENDA

Moved: That \$100.00 be taken from the class of 1944 treasury.

Moved: That change in dormitory be approved.

Moved: That the changes in the constitution of the M.I.T. Athletic Association be approved.

Civil Engineers To Show Film Thur.

At 5:00 P.M., Thursday afternoon, in Room 10-250, the M.I.T. Student Chapter of the American Society of Civil Engineers will present a 30 minute sound color film entitled "Railroadin."

The film, jointly prepared by the American Locomotive Company and General Electric, is designed to show the vital part the railroads have played and will play in the national economy. It also shows the tremendous job the railroads have to transport a great amount of the war material.

Admission to the film is free and all those who are interested are invited to attend.
